Hi Folks,

Well; "we're back"! Yep this is Sampler #310 and there is quite a selection. We have run into several groups of interesting US Currency, including a large group of the always intriguing Fractional issues, several certified Hawaiian notes and a rare piece of depression script. We also had over a dozen \$500 and \$1000 FRN's but the rumor mill brought in the big guns and they are mostly gone. On the other side of the coin, we have a great selection of type coins with many scarce to rare issues. These include all 4 Carson City Mint Seated dollars and several less rare but desirable others. The Seated Half section has good variety and includes a possibly unique set of 1873 arrows and no arrows "CC" halves both certified NGC G6. They are an elusive date and rarely come undamaged, especially in circulated grades. There is a really good selection of US Gold, two 1916-D dimes, a 1916 quarter, 1795 half NGC EF40, 15 different date \$20 Saints, 1893-S dollar and a bunch of special offers.

Speaking of Special offers two of our granddaughters are here this week and they wanted a job, so they are counting out bags of wheat cents from a pile of old hoards and collections. I won't live long enough to go through it all, so you could find almost anything.

So, as I said two granddaughters (CARA & Emily) arrived last weekend and they are in one week of vacation Bible School. Our daughter, their Mom arrives this Saturday with Jenna and Becky for July. Mark (Dad) will come in two weeks for several days.

Recent shows have been hectic and busy, although at the recent Baltimore Whitman Expo you could certainly tell summer is here with the show being so late in June and right on top of the Long Beach Show. Speaking of Long Beach, I happened to mention to one of our friends and customers that I like Banana Bread! So, on Thursday I got a humongous loaf wrapped in aluminum foil at the show. We had a couple of small pieces at the show and brought it home. Of course, airport security questioned that package, but we convinced them, no bomb! This week Cara and I have enjoyed a small piece every night after dinner. Joan and Emmy prefer chocolate chip cookies ☺ next week we start on the apple nut bread that arrived while we were at Baltimore ☺☺! Then a diet ☺!!

**PROOF SETS**

We recently purchased a group of early 1950's proof sets. These were put aside in the back of a safe for retirement by a dealer from Hawaii. These sets are fresh and original, not dipped or enhanced like many we see today both certified and uncertified. They are the way the sets should look after nearly 70 years, nicely toned as the "coin gods" intended.
